

Have you explored Mt Worth State Park – Gardiners Mill Track, Maslins Mill Track, Trevorrow Mill and wondered? - who were the original settlers of Allambee; why did they settle there, what life must have been like living in and clearing the dense forest, what happened to the once thriving community.

You are invited to a unique SGWAAC presentation by one of our members to commemorate Anzac Day – explore the settlement of Allambee, hear of the lives of young (and not so young men) of the area, and meet the “WWI Allambee Soldiers” via a video presentation made possible as a result of funding through “Saluting Their Service”, Dept of Veterans Affairs.
